### ABOUT THE INSTITUTE

Jeypore College of Pharmacy founded in the year 2000, has today grown to become one of the forefront educational institutes in KBK District. Jeypore College of Pharmacy started in the year 2001. The institute is managed by Banagiri Development Trust. It is teeming with academic research, medicinal garden, canteen, play ground and personal development activities. Jeypore College of Pharmacy is one among the 33 plus Pharmacy College in Orissa, securing a place among the top ten private institutions. The Institute offers D. Pharm, ( 2 years) B. Pharm ( 4 years) and M. Pharm (Pharmaceutical Technology, Pharmaceutical Analysis & Quality Assurance, Pharmacognosy and Pharmacology) (2 years) complying with the norms of AICTE & PCI. The institution is approved by All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Ministry of Health & Family Welfare, Government of Orissa and affiliated to Biju Patnaik University of Technology, Odisha & Orissa State Board of Pharmacy, Odisha.

### OBJECTIVES OF THE WORKSHOP

- Ensure that products are consistently manufactured and controlled to the specific quality.
- Concerned with all the aspects of production and quality, in the manufacturing of cosmetics, overall control and monitoring
- Ensures that the production and supply to consumer is of consistent quality.
- Assures the identity, strength, purity and quality of products

## One day Workshop on “cGMP and Current Practices in Pharmaceutical Industry”

Organized by  
Jeypore College of Pharmacy,  
Jeypore, Odisha

1-Mar-19

### AGENDA

**9:30 AM-10:00 AM**  
Inauguration

**11:00 AM-12:00 AM Session 1**  
cGMP and Current Practices in  
Pharmaceutical Industry

### REGISTRATION DETAILS:

Registration fees of the one day workshop is free.

---

This was then followed by the workshop by Mr Vikram Viswajit Mishra, Asso. Professor, Jeypore College of Pharmacy, Jeypore, Odisha. Current good manufacturing practices was discussed to assure proper design, monitoring, and control over manufacturing processes and facilities in pharma and other FDA-regulated industries. These systems are designed to help organizations assure drug products are the correct identity, strength, purity, and quality. cGMP systems including a series of controls for quality focused operations, including: Management Systems, Quality Raw Materials, Operating Procedures, Detecting Deviations, Investigating Deviations was studied

cGMP that are followed, organizations can avoid many of the most common causes of quality failure which threaten patient safety, such as drug contamination, deviations, or mix-ups. The guidelines as the minimum requirements for total quality management was studied

The work shop was concluded by question answer session where the participants cleared their queries on the topic information. In total 51 participants attended the workshop and actively participated.

## Report

**Event:** One day Workshop on “Career in Biotechnology as a Prospect for Career growth”

**Date:** 19-Aug-18

**Resource Person** Smt Suprava Sethi, M.Pharm, Jeypore, Odisha

**Photo: One day Workshop on “Career in Biotechnology as a Prospect for Career growth”**

One day Workshop on “Career in Biotechnology as a Prospect for Career growth” was conducted for the benefit of students as well as the staff. The program started by lighting the lamp by Principal and senior members of the institution. This was then followed by the workshop by Miss Suprava Sethi, M.Pharm Pharma Technology .

Biotechnology which offers a dynamic field of specialization that involves applying broad research of biological systems and industrial technology to improve human life was the topic of the workshop. Most jobs in this field, though growing fast, are still untapped, which is beneficial for all those who are passionate about this field so stress was implied for the career path.

---

The use of biology and technology to save human life without a number means that they are most likely never running out of demand was discussed along with example . It is also a high paying career and has a great scope. However, it is important to be passionate about the field, as with everything. A career in biotechnology will allow you to make human life better, whether you are suited up in a company or researching in a lab, and you will be able to interact with like-minded individuals. .In total 52 participants attended the workshop and actively participated.
