## Report

On **World Environment Day** was organised on **5th June-2018** to action for all of us to come together to combat one of the great environmental challenges of our time. The theme invites us all to consider how we can make changes in our everyday lives to reduce the heavy burden of plastic pollution on our natural places, our wildlife – and our own health. All year long, in Biosphere Reserves around the world, communities are developing local solutions to improve the relationship between people and their environments, Swatch Bharat campaign was organized by our jeypore college of pharmacy staff along with students went to a nearby village i.e. “Rondapalli” for cleaning the surroundings and making it a clean area. After the campaign plantation was held in the college campus after that biscuits packets were distributed among the students, the students also became happy for that. The activity concluded at around 11.00AM and everybody returned back to their work.

## Report

To enable awareness on **Fire Safety program** was organised on **26/11/2017** at Jeypore College of Pharmacy. The main reasons behind any fire accident are either faulty wire connection or unmindful use of electrical appliances, or gas leaks. To ensure that fire accidents don't often happen, one has to be careful and have a basic knowledge about how to put out a fire. Only then can they minimise the chance of any damage or casualties. It was also taught how can one use rope to evacuate a person in danger of getting caught in fire. Awareness of the program was done by Mr. Aditya Dora, Fire Safety Department, Jeypore Block, Odisha
