World AIDS Day falls on **1st Dec-2018** each year. World AIDS Day is dedicated to spreading awareness of the AIDS pandemic spread by the spread of HIV infection, and to mourning those who have died of the disease. An estimated 40 million people worldwide have died of AIDS since 1981, and an estimated 37 million are living with HIV, making it one of the most important global public health issues in recorded history. Despite recent improvements in treatment, the AIDS epidemic still claims an estimated two million lives each year, of which more than 250,000 are children.

Report

Gender equality and women's rights are key to addressing the unfinished business of the Millennium Development Goals (MDGs) and accelerating global development beyond

2015. Gender equality matters in its own right, and as a prerequisite for the health and development of families and societies, and a driver of economic growth. The new framework will need to confront the discriminatory social norms and practices that underlie gender inequality, such as early marriage or tolerance of violence against women. On **26th Aug-2018** Jeypore college of pharmacy organized a meeting for all the students and staffs in which everyone deliver their thoughts on equality of the gender which is playing a very important role in today's generation

Number of Students Participated: 12

Report

International Youth Day is commemorated every year on **12 August 2018**. The Focal Point on Youth selects a theme for the day often with input from youth organizations and members of the UN Inter-Agency Network in Youth development. It also organizes a virtual commemoration of the Day. The Programme encourages youth around the world to organize activities to raise awareness about the situation of youth in their country.

Number of Students Participated: 14
